## PASSENGERS AND CREW ESCAPED BY ROPE BRIDGE

### Made Their Way From Wrecked Steamer On Cable Across Surging Waters

Bulletin Special.

Port Arthur, Dec. 11.—The rescue of the passengers and crew from the wrecked steamer *Monarch* constitutes one of the most thrilling chapters in the history of wrecks on Lake Superior. Across a spider-web-like rope over fifty feet from the steamer to the cliff, which towered above, one by one the shipwrecked people made their way to safety. Not all of them, however, succeeded in navigating the dangerous "bridge" for one lost his hold and disappeared in the waters which raged below, angrily throwing his white comb up as if eager to snatch the lives from those brave souls who dared in pitch darkness to trust themselves to the slender cord with the water beneath. Snow striking them in the face frost biting at their fingers, hand over hand, one by one, the passengers and crew attempted the rope passage. More than one brave soul lost his hold on the rope and fell but only one found death, James Jacques the watchman. When he fell Jacques plunged into the waters, but succeeded in grasping some object. To this he clung and called agonizingly for help which could not be given him. A few seconds in the numbing waters and his cries died away and those above knew that his soul had taken its flight. There was no time to lose though, for the vessel was gradually receding and the work of rescue went on again in a few minutes. Realizing that death awaited them in the waters, or frightful injuries on the rocks, did they but lose their hold, one after the other of the

remaining members of the crew entrusted their lives to the slender cord at the far end of which lay safety. Steadfastly had gone half way across when his benumbed fingers refused longer to hold him and he fell, but in falling fortunately dropped into a lifeboat which had been fast in a crevice in the rock. There he lay, stunned, for several minutes until he could be rescued by men who climbed down the face of the cliff and with the utmost difficulty carried him to a place of safety. Others there were, who paused on the way over, faint from exhaustion but borne up by the thought of what lay below and thus urged on renewed their efforts to be finally drawn to safety on the edge of the cliff. Miss McCormick, the stewardess, was the only woman aboard the ship. She conducted herself with the utmost coolness throughout the trying time and subsequently while the party were on the island rendered assistance, taking equal share in the hardships which befell them. With the utmost bravery she grasped the line and let herself away from the ship. Not more than half the dangerous journey had been accomplished when her arms refused to sustain her and allow her to make progress. Hanging there above a dark and fearsome chasm, she called to those near that she was unable to proceed. Cautiously a man threw himself upon the mercy of the rope and making his way to where she hung, helped her to safety. All except the captain attempted the passage. He elected to stay by his ship and was rescued the following day.

## CALGARY LIBERALS HELD RALLY

### Presented Mr. Marshall With Token of Appreciation

Bulletin Special.

Calgary, Dec. 11.—The Alberta Liberals this morning says: The Liberal rooms were crowded last night when the last episode in connection with the Gleichen campaign took place. The principal purpose of meeting was the presentation of a coin case and mits to Mr. Duncan Marshall as a token of gratitude on the part of the Liberals of Calgary for services which he had rendered the party during the course of the campaign. The chair was taken by Hon. W. H. Cushing.

Mr. E. H. Riley made the first speech. He (Riley) said that he felt that he had a very pleasant duty to perform; it would not be right and would not be just to allow Mr. Marshall to leave the city without some tangible appreciation of the services which he had rendered to the Liberal cause during the recent campaign. Mr. Riley felt that the Liberal party were under a debt to Mr. Marshall inasmuch as he had come down to Calgary as the apostle of the Rutherford Government. Alberta had to take a government which was leaning all others. The speaker remembered well the occasion upon which Sir Charles Tupper had stated in 1895 that the Conservative party held within itself the genius for government, in which genius no others might hold a share. To the mind of Mr. Riley a policy of this type was too narrow to require any answer. He had no share in a thing of this kind. Mr. Riley wished to express his gratitude to the numerous helpers who had assisted him throughout the course of the campaign. The persons who had worked for the cause were too numerous to mention by name, but he wished to single out Dr. Stewart as a person who had proved himself to be of sterling worth. Wherever he had been in the country the name of Dr. Stewart was well known and universally respected. Mr. Duncan Marshall had been a tower of strength.

The Rutherford Government was a good government and in this belief no farm house had been left unconvulsed. It had been left for the Conservatives to explain. Mr. Riley then presented the set of mits to Mr. Marshall, who promptly put them on. The meeting burst into song and for some moments Mr. Marshall was unable to commence his speech. He thanked the meeting in suitable terms for the presentation which had been made him and reminded his hearers that it was only a year ago since he had made his first political visit to Calgary. He had been exceedingly glad to make a second visit although he did not think that his presence was necessary on account of the large number of workers for the Liberal party, who have brought forth such noble efforts during the recent campaign. The Liberals of Gleichen had worked for their candidate and for the party and their heart had been in their work. Mr. Riley had been put before the electors of the constituency as a plain man who had been in the country for many years and as a gentleman

## GRAIN DEALERS HAVE ASSOCIATION

### Street Prices Wired to All Parts of the Province and Governors Buyers

Bulletin Special.

Calgary, Dec. 11.—At the Royal Grain Commission's session here local millers and elevator managers were called. All agreed that Alberta oats should have a special grade. The bulk of the crop would test 42 pounds. The Dominion grain inspector swore that eighty-five per cent. of Alberta oats grown in the last two years will test forty-two pounds. Mr. Strong, of the Alberta Pacific Elevator company, examined by Mr. Boyle, admitted that Alberta grain dealers have an association; he is president and wires the street price to all points in the province to govern all buyers on each market.

### WILLING TO SUBMIT TARIFF.

Bulletin Special.

Washington, Dec. 11.—At a conference between railroad and steamship representatives and members of the interstate commerce commission it was announced that the Canadian Pacific railroad had volunteered to file its tariff via the steamship line with the commission, whose freight is taken from a point in the United States to a point in adjacent foreign countries, to be transferred to interior points.

who did not require the heralding of which the Conservative candidate seemed to stand so much in need. The Liberals of Gleichen had entered into the contest with their whole hearts because they knew they had a good cause, while the Conservatives had acted in a half-hearted manner. He referred briefly to the lamentable circumstances which prevented Mr. Cushing from taking an active part in the campaign and believed that if Mr. Cushing had been able to take an active part in the struggle the majority for Mr. Riley would have been still larger. He described the work of Mr. Parken, the secretary, as invaluable, and believed that the hearts of the people were with Mr. Riley. The Liberals of Gleichen were in possession of a good government. He thanked the Liberal club of Calgary for the furs which they had presented to him and promised he would never lend it to a shivering voter as the Herald had suggested was his habit. Once more he wished to thank the meeting for the honor which they had done him by presenting him with a set of furs.

Hon. W. H. Cushing said that the testimony which had been given to him with regard to Mr. Marshall by a man who had known him for the space of fifteen years was to the effect that

He was a gentleman in private life; A man in business; A giant in politics.

Mr. Cushing stated that the methods of the Conservatives during the course of this campaign had been despicable to a degree. The Calgary Herald had proved a past master in the art of slander.

Dr. Stewart was the next speaker. Mr. Stewart was of the opinion that Liberalism had reached its zenith. It had attained a high position in the affections of the people because it was honest and straightforward and true. This victory which had been obtained was in a great measure owing to the influence of Mr. Cushing who, although owing to lamentable circumstances had not been able to be present, had nevertheless diffused his influence over the constituency in no small degree throughout the campaign. The Conservatives had not been able to find one fault with the Government, neither had they suggested that there was anything to be said against the candidate-elect. The manner in which Mr. Duncan Marshall had managed the campaign had been masterly.

Mr. Grogan said that the meeting was in the nature of a love feast, and he caused the meeting to resolve itself into a state of hilarity with humorous remarks.

Hon. Mr. Cushing concluded the meeting for all practical purposes with a short speech during the course of which he stated that the Government had made no efforts to coerce the election and that the only conversation he had with the Premier in connection with the matter had been of a private nature.

One of the most predominant features of the meeting was the lack of reference to the shortcomings of the defeated candidate.

## C. N. R. REFUSED SPECIAL PRIVILEGES

### Council Would Not Consider Demand For Half of Columbia Avenue

Bulletin Special.

The demand of the Canadian Northern for the same rights north of the track that the Grand Trunk was given south of the track by its agreement with the city was turned down by the city council last night unanimously and the company held to a straight right to build spurs according to the general regulations exacted by the city in dealing with railway companies.

Some four or five weeks ago a letter was read from William MacKenzie to the city council asking that the Canadian Northern be given the north half of Columbia avenue with the privilege to build tracks in all the lanes north of that street.

The city solicitor explained in this connection that at the time that the Grand Trunk agreement was before the railway commission in Ottawa it was opposed by the C. N. R. and that the city council was only withdrawn on the understanding that the C. N. R. was to get the rights asked for in William MacKenzie's letter.

The letter was turned over to the commissioners with a request to place a map and all the information available before the council so that they might see just what the C. N. R. request amounted to. The report was read last night and it was on the consideration of this report that it came before the council. The report did not recommend anything, but pointed out that in order to grant the request of the C. N. R. people it would be necessary to turn over to the company a piece of Clark street and of the block between the track and Clark street, in order to make room for the spur into the north half of Columbia avenue, and that as the lanes in the blocks north of the track did not come down to Columbia avenue on account of the block of lots facing on Columbia avenue, that it would be necessary for the city to purchase a section of two lots in each block in order to provide the railway with ingress to the lanes.

The report was read and laid before the council for discussion.

Ald. Bellamy was against dedicating 40 feet of the street to the Canadian Northern to the detriment of the property holders adjacent thereto, and he did not think that an exclusive right should be given to anyone.

Ald. Picard said that there was nothing on paper but that there was an understanding between the city and the Canadian Northern that that company should be given the same rights north of the track as the G. T. P. had south of McKenna avenue.

Ald. Smith pointed out that 40 feet off the north side of Columbia avenue would "blind" all the lots along that avenue except those siding on the streets.

Ald. Latta strenuously opposed granting a right to 40 feet or of buying the necessary strips for ingress to the lanes.

Ald. Calhoun moved that the matter be laid on the table.

There was no second to the motion and Ald. Bellamy moved that the 40 feet of Columbia avenue be not granted, that the city purchase no property in this connection, and that they be given no exclusive rights; that the company be allowed to lay tracks in the lanes subject to all city regulations.

Ald. Manson seconded the motion and it was carried without dissent.

### NEW TURBINE FOR PRESENT PLANT.

Commissioners Instructed to Purchase  
Three Million Gallon Pump to  
Installed at Once.

The city commissioners were empowered last night to purchase a three million gallon turbine pump to be placed in the present station to relieve the pressure on the present plant during the time that the new plant is being built. When the new plant is built the turbine pump is to be moved to the new station and become a part of the pumping equipment there.

The order was the result of a report and recommendation of the commissioners pointing out that the new station could not be built before the city's demand for water would overtake the supply at the present station. It was, therefore, recommended that the turbine be placed in the present station.

Acting on the instructions the order for the new pump will be placed at once.

## CANADIAN WHITE COMPANY GETS SEWER CONTRACT

### Will Get Ten Per Cent. of Cost of Work For Carrying It Out--Complete Work Next Year

After a hard fight by Alderman Calhoun against giving the contract without competition, the contract for the construction of the entire sewer system was given to the Canadian White company last night on a ten per cent. basis.

The commissioners brought a report to the city council last night recommending that the contract be given on the terms specified, namely, that the company should accept the work on an estimate of \$175,000, which was the figure arrived at by the engineer and the representatives after making all deductions for work already done. The company was to get ten per cent. of the cost as wages of superintendence, but in case the cost of the work overran the estimate the company was to forfeit one-half of the overplus up to the amount of half of their percentage. However, as some changes were contemplated by the commissioners which would have the effect of cutting down the cost of the sewers to be constructed, there was a saving clause for the benefit of the company to the effect that under no circumstances should their commission be less than \$15,000, this amount, of course, subject to deduction in case the cost of the work exceeded the estimate.

Ald. Bellamy moved that the contract be let to the Canadian White Co., and that the commissioners be instructed to prepare the papers.

Ald. Latta seconded the motion.

Ald. Calhoun pointed out that the city was not letting any contract; that there was no price set at which the company should complete the work. If the company was prepared to complete the work for \$180,000 he would be willing to consider the proposition.

Ald. Smith wanted a limit set to the cost of the work, in which case the company was to complete the work.

Ald. Calhoun said the right way to set a limit was to let a contract.

Ald. Manson said that the company's representatives and the engineer had been over the ground and they had arrived at an estimate, which should be a fair idea of the cost.

Ald. Bellamy called for question and Ald. Calhoun wanted to know what protection clauses were to be put in the agreement to safeguard the city. If the motion was railroad through the council the council's hands were tied.

City Solicitor Beck was asked if the motion made a binding contract. He said that he did not think that it would.

Ald. Latta said he would like to hear from the representatives of the Canadian White Co.

Mr. Alfred said that he had a lot of things he would like to explain. In the first place they had not figured originally on taking over plant, or on the changes suggested by the commissioners which would probably cut the cost to \$150,000.

He said that the system of percentage work was not new; that they were building a power house in Monk trail for the Montreal street railway, a union station in Hamilton, a theatre in Winnipeg, which they were just completing.

Not only did they do the contracting, but on such work as the city's sewer they did the engineering as well. In this case he had brought the engineer right with him and he had gone carefully over the work.

Regarding the price, he thought that the terms of the agreement were such that the company was practically bound to get the work done below the estimate to make any money out of it.

Ald. Calhoun asked why the company was not ready to tender.

Mr. Alfred said that he had not been asked to tender. They did tender on work but they had come to the city with the understanding that they could reach an agreement on price with the city officials that the work was theirs.

The motion to let the contract was put and passed, Ald. Calhoun alone voting against.

## DOCTOR MCCAULEY TAKES HIS CHAIR

### Elected On Monday to Fill Alderman Griesbach's Unexpired Term

Dr. McCauley, who was elected on Monday to fill the unexpired term of Alderman Griesbach did not lose any time in getting into the harness. He took his seat last night and "squared himself," as the phrase is, "like an old boss" getting the regular aldermanic incline to his spring back chair and taking the city fathers' nonchalant view of things as they went on.

The doctor's experience in Cape Breton has evidently familiarized him with the work, but in one respect he promises well in that he does not talk except to the point.

Dr. McCauley got in his first work in connection with the paving petitions. When the same were read they applied for paving Jasper from Kingston to Ninth, First from Jasper to Isabella, McDougall from College avenue to Isabella and Namayo from Jasper to Clark. The doctor brought it to the attention of the commissioners that another petition calling for the extension of the Namayo paving from Clark to Sutherland, had also been circulated, and he understood that it had been sufficiently signed and placed in the city office.

The secretary-treasurer found on turning over the Namayo petition that the second petition for the additional paving on Namayo was on a second sheet attached to the first, but which he had overlooked reading. Alderman McCauley asked that it be included, and the motion was put through that all the petitions be granted, including the Namayo extension, when the city was in a position to carry out the work and when the sewers and water mains were all in. It was explained in this connection that the city's contract for carbolic block covered only 35,000 yards, and that there were petitions in for a greater amount.

The farmers and draymen who have occasion to use the bridge across the Saskatchewan River at Edmonton have had a complaint at the action of the railway authorities of the C. & E. in scraping all the snow off the planer. The matter was taken up by the board of trade here, and the difficulty laid before the roadmaster of the C. & E., who has ordered that in future only sufficient snow be removed from the rails as not to interfere with the flanges of the car trucks.

## ASHDOWN WINS IN WINNIPEG

### Carries Bull's Eye City By 2,780 Majority

Bulletin Special.

Winnipeg, Dec. 11.—J. H. Ashdown was elected mayor on a citizens ticket yesterday after one of the hardest contests ever fought in a mayoralty in Winnipeg. Mr. Ashdown's majority was 2,780 over Ald. Lattimer, representative of the old order of things. There were few surprises in the election of the board of control. Ald. Cockburn led the polls with a clear 500 ahead of his nearest opponent. Next in order were William Garsden, Alderman Harvey and J. W. Baker. The new aldermen elected are J. C. Gibson, R. A. C. Manning both by acclamation, and Eggegaard, J. W. Gowler, D. McLean and W. Foster. Municipal citizenship was the universal plan of all platforms.

### ALBERTA CIVIC ELECTIONS

Innifall, Alberta Dec. 11.—The elections in Innifall resulted in the election of F. L. Constantine as mayor and A. B. McCrae, J. E. Pawlarty and F. Thompson for councillors. The school trustees are G. E. Killey and G. S. Kirkham.

Odds, Alberta, Dec. 11.—S. J. Craig was elected mayor by acclamation. The councillors are A. E. Clemen, Dr. Lillio and Wm. Dean and the school trustees are A. E. Clemen and Geo. McDonald, also by acclamation.

Lacombe, Dec. 11.—D. C. Gourley was elected mayor of Lacombe by a majority of 19 over H. M. Trimble. The councillors elected are H. A. Murphy, Dr. Simpson and F. Vickroy.

Blackfalds.—J. McNeil was elected as overseer here by acclamation.

Bowden, Alberta, Dec. 11.—Not being incorporated there was no election of mayor and council here. Mr. C. P. Anderson was elected overseer.

### ANOTHER BRIDGE

Bulletin Special.

New York, Dec. 11.—Backed by the endorsement of the executive committee of the democratic organization in Brooklyn, Senator Patrick H. McCarron announced today that plans would be at once submitted to Mayor McWilliam and the other city officials for the immediate building of another bridge across the East River near the Brooklyn bridge.

## RELIABLE RESPONSIBLE OUR SALE COLUMN

We have several clients in the East and in the States who have committed to us the purchase of 145,000 of Edmonton city property. We only want the property listed for a few days. Give us the very lowest bid rock price for cash and on terms. Either in the east or west end, close in.

### Main Street Property

\$6,000 For 128 feet frontage on Jasper avenue with small buildings, this property is facing three streets occupying corner position on Jasper this is one of the best buys on our large list. Exceptionally easy terms \$14,700 is the exceptional low price for a bit of Jasper avenue property in the heart of the city drawing \$28.00 per month rental, this is an exceptionally low price.

\$25,000 For 186 feet on Jasper avenue corner position in good locality if you are looking for a good buy come in and see us re-think. Good terms.

### Warehouse Property

\$10,000 For two choice lots corner position on Seventh street. This is a splendid location for a warehouse. Easy terms.

\$10,000 For corner position on 4th street and McKenzie avenue.

\$2,500 A choice lot facing on Third street running back to the spur block 4, this is good buying.

### Residence Properties

\$4,000 For well new nine roomed house well finished and situated on view lot. Suitable terms.

\$2,500 For neat six roomed cottage on Bellamy street close in. East terms.

\$2,200 For well new eight roomed brick house on Syndicate avenue. This is a property we can recommend as being good, reasonable terms.

\$1,700 For five roomed cottage on Kinsella avenue. Terms.

\$1,800 For new five roomed cottage on Syndicate avenue. Terms.

\$2,500 For five roomed house, brick cellar. Kinsella avenue. Terms.

### Vacant Lots

\$2,000 Buys good lot with 50 feet frontage on Helmick street near First. Suitable terms.

1,500 Buys residential lot on 14th street, this is very good buying.

\$500 Each for two view lots close in, in west end. This is a buy.

\$1,500 For one of the best lots on the west side of 15th street, close in.

\$1,500 Is the sacrifice price for a splendid lot on 16th street.

### Business Propositions

\$10,000.00 is the sacrifice price for complete new stock and furnishings of a splendid Grocery Business located in heart of the city. This is a rare snap and will be picked up.

\$500 Handles stock and furnishings of an up-to-date restaurant in the heart of the city.

We have a splendid proposition in the shape of a good lively business, this business can easily be handled and it is one that we can recommend as being good.

\$1,000 is the selling price of good blacksmith outfit together with property and buildings. Inquire.

### Farm Property

\$10.50 per acre, for a full section of wild prairie land, situated in good locality 48 acres of this section are ready for the plough. Plenty of good water on the place. Very easy terms.

\$250.00 per acre buys a splendid farm in Clover Bar District with 100 acres in cultivation. All wire fenced, and the best of land, situated beside the railway. Good terms.

\$380.00 buys dairy quarter section adjoining Lamont Township this is one of the best buys on our list. Land is all wire fenced. About ten acres in cultivation and the rest all open prairie land. Creek running through property. Very easy terms.

\$75.00 per acre for a choice quarter section situated 3 miles from Lamont station, 50 acres broken and the remainder open prairie land, not a foot of a foot of waste land on the quarter, this is a snap. Good terms.

\$13 per acre buys a dandy half section only 4 miles from Fort Saskatchewan, 80 acres broken good water and splendid soil, this is our special snap in farm land. Easy terms.

### TROUBLE PENDING.

Bulletin Special.  
Rome, Dec. 11—Great excitement prevails at the Vatican because of the situation in France and news from that country is eagerly awaited. The pope today received Cardinal Vincent Vannutelli, and in the course of the conversation said the Vatican declined responsibility for what might happen in France. It is believed here that the coming conflicts may prove more serious than those which occurred at the time of the taking of the inventories.

### POWER PLANT STARTED.

Fort William, Dec. 11—The water-power plant of the Kamistiquia Power and Light Co. was started last night. Connection has been made with the large new flour mill of the Ogilvie company, one of the most modern milling plants in the country. The successful development of the power at Kakabeka falls by the enterprise of Charles R. Hosmer and his associates, will gain much for Fort William and Port Arthur and the citizens of the twin lake towns are highly elated over the prospects for the future along manufacturing lines.

## Strathcona

### BOARD OF TRADE.

The regular monthly meeting of the Strathcona Board of Trade was held last night in the fire hall with President Bush in the chair and a fair attendance of members present. The minutes of last meeting were read and adopted.

The council of the Board recommended that the applications of Hugh Duncan, Eben McDougall and D. M. O'Brien for membership, be accepted to take effect on the first of the Board year.

The council also recommended that there be a nominal charge on the pamphlets being procured for distribution by the Board. These pamphlets were procured at a cost of \$377.75 for 5,000 copies and in addition to this is the cost of freight from Victoria, B.C.

The former recommendation was adopted and with regard to the latter it was agreed on suggestion of Mr. Mariott and Mr. Martin, that ten copies be supplied to each member and additional ones supplied to real estate men or others who wish, at a rate of one cent each.

A communication was read from F. T. Fisher, Edmonton, secretary of the Associated Boards of Trade, calling attention to a resolution passed by the Associated Boards urging improvements to the western postal services and a western inspector who could act with regard to improvement without reference to Ottawa.

Messrs. Bush, McDonald and Jamieson were appointed a committee to prepare a resolution to be sent to the postmaster general and Sir Will Lord Laurier.

Mr. Malone, as chairman of the select committee, reported that W. J. Webster had accepted the offer of the Board to the free site, exemption of taxes, low water rates, etc. The same committee, composed of Messrs. Malone, Cliff and J. H. McDonald, were appointed to bring the matter before the town council and also look out for a free site.

On motion of Mr. Jamieson, seconded by Mr. Blain, and endorsed by Mr. Ritchie, the Board placed themselves on record as opposed to loans to individuals or companies seeking such.

Mr. Palmer and Dr. Fuller opposed a cast iron rule against loans to industries seeking such.

Mr. Jamieson gave notice that at a general meeting he would move a resolution that the government of Canada should take steps to introduce cheap foreign labor.

A vote of thanks was passed to Mr. J. H. McDonald for his excellent work in procuring the Board of Trade pamphlets while on his recent trip to the coast. By his energy in securing the lowest possible tender for the work a considerable amount of money was saved to the Board.

Mr. Martin and Mr. Pearson commended the inadequacy of the present post office. From the large number waiting at the ticket it was apparent that another ticket was necessary and also additional boxes that were required for months.

Mr. Blain, postmaster, said new boxes were ordered in Toronto Aug. 8th, and shipped November 8th, but had not yet arrived. On their arrival he contemplated making some improvements. The remuneration was in proportion to the income from the office and the needs of the building were far in advance of the income. As a matter of fact the post office is costing \$15 more a month than he got from it, without regard to his own personal labor. The only return he got was from the box rents, which went to him.

Mr. Mariott urged that the matter of improvements be brought to the notice of the Government and a motion to that effect, moved by Mr. Martin and seconded by Mr. Pearson, was unanimously passed.

Mr. Jamieson introduced the matter of the location of a permanent force barracks in this town. This question had been discussed as long ago as 1891 and lately he had seen it stated by the Minister of Militia that a permanent barracks was to be located, and for this a grant had been made recently at Ottawa.

A committee composed of the president, secretary, Mr. Pearson and Mr. Jamieson were appointed to prepare a suitable memorial to the Minister of Militia urging that the barracks be located at Strathcona. The meeting then adjourned.

### COMING TO STRATHCONA.

It is probable that Strathcona will shortly have the factory of the present Edmonton Wool and Wood company located in its midst. Some time ago the manager of the company, Mr. W. J. Webster, wrote the Board of Trade regarding the inducements that the town would offer should the business be located in this town.

Negotiations between the Board through the medium of a select committee and the company have been in progress for some time and lately it seemed as if there would be a hitch as Mr. Webster at first made a loan from the town as one of his conditions. This he afterwards waived, how-

ever, and he has now intimated to the council that he will accept their offer of a free site, exemption from taxes for five years and light and water at manufacturers' rates, which is practically cost. A committee of the Board of Trade have been appointed to bring the matter before the town council, whom it is understood, look favorably on the project, and also take steps to locate a suitable site.

The Edmonton Wool and Wood company manufactures woollen goods and cheap furniture, articles of woodwork, such as buckets, etc., and it is the intention of the management to employ thirty or forty hands which will be increased to a hundred or more as the business becomes more firmly established in Strathcona.

### WHYTE AVE. PROPERTY SELLS.

The Mac restaurant has been sold through the agency of B. Whyte & Co. to Mr. Lalonde, Montreal, and Messrs. Lafleche Bros., Strathcona, for a sum in the vicinity of \$5,000. The same property changed hands about six weeks ago for \$2,600.

### ELECTRIC PLANT READY.

The new electric plant is almost ready for operation and the current will be turned off within the next few days from the smaller dynamo. The connection will still be maintained with the Edmonton power house or some time, till the new plant is fully tested.

### AT THE HOTELS.

Strathcona Hotel—Mazie Jackson, Annie Jackson, Will McLeod, David A. Stewart, S. Homer Eaton, International Entertainers; P. Blixt, H. J. Cooper, Winnipeg; D. McNeill, P. Chiddy, Jos. Barnes, Calgary; P. C. Connelly, Red Deer; W. Gallagher, W. Julian, H. Graham, G. Roper, Calgary.

Dominion Hotel—L. J. Walkie, W. Sakiewicz, M. A. Stevens, White Star Hotel; C. Jos. Anderson, Cooking; A. M. A. Stover, White Star; E. Baker, Dorenda; J. E. Winslow, city.

### LOCALS.

A wage case came on at the police court this forenoon before Magistrate Dixon.

Contractor W. H. Martin leaves in the course of a few days on a short trip to his home in Toronto.

Mr. Harry Burkholder, who had his finger broken and his head bruised by being caught in the belting at the Alberta Grain Co.'s elevator last week is able to be out again.

An assembly dance is to be held in Walter's hall this evening. The hall is shortly to be utilized by Douglas Bros. as a show room and this will probably be the last dance held in the building.

The milk sleigh of the Edmonton Condensed Milk company was upset at evening near the Strathcona and 4th bridge and the glass sides broken, besides a quantity of milk spilt. The horses took fright from a passing car.

The hockeyists and another excellent practice at the rink last night and are fast getting into shape for the season's matches. The team has practically been selected and should prove the strongest aggregation ever out from Strathcona.

There was a large attendance at the assembly hall of the Grandin at school last night to hear the International Entertainers and a very much appreciated programme was given. The performers were S. Homer Eaton, singer; Will McLeod, comedian; J. B. and dancer; Mazie Jackson, soprano; D. L. Stewart, violinist; and Anne Jackson, accompanist. The entertainment was in aid of the school and a good sum was realized from the evening's entertainment.

The hill approaching White Mud creek was the scene of a couple of accidents last week which were costly financially but fortunately did not result very seriously to any of the parties concerned. A farmer going home with a load on had trouble with his team on the hill. They got turned almost at right angles to the road and ran into the bank, spilling the load, smashing the sleigh and cutting loose, ran away. Three young men coming down the hill a little while after with a load of straw did not see the wreck till nearly upon it when their horses shied and dumped their load over the embankment. One of the boys was buried in the straw and snow and it required some minutes of hard work on the part of his comrades to rescue him from smothering to death. Eventually everything and everything reached their destination slightly disfigured but still in the ring—Plaindealer.

### GOVERNMENT TELEGRAPH TO PEACE RIVER

The matter of the extension of the government telegraph line now terminates at Athabasca Landing was discussed yesterday by the Board of Trade on a request submitted by Mr. J. K. Cornwall. The proposal is to extend the telegraph line to Peace River Landing. A committee was selected comprised of Secretary Fisher, D. W. McDonald and R. J. Manson.

## American Canadian Oil Co.

The readers of this paper are now offered the opportunity of subscribing for a limited amount of Treasury stock in the American Canadian Oil Co., which is now being offered for a few days only at the price of 10 cents per share (par value \$1.00 each fully paid up and non-assessable.)

The directors of the company have decided to advance the price of this stock to 25c per share at or before the middle of December 1936. Anyone wishing to take an interest in this should send in their application and remittance without delay, as the stock is being rapidly taken up by wide awake investors. Apply to the

Bulletin Special.  
Campbellford, Dec. 10.—A brick block on Front street, occupied by the Campbellford Dispatch printing office and it. M. McGuire, photographer, was burned. The walls in falling, wrecked a small frame building adjoining, which was used as an shooting gallery. McGuire suffered almost total loss, with \$7000 insurance. Dryden, proprietor, of the Dispatch, lost everything, including a new typewriting machine recently purchased. He has no insurance.

## Improve your spirits

with York Soda, the highly-charged, sparkling water with the snappy, dry tang that betters the flavor of any liquor it dilutes. Bottled at the Springs for surety of purity, and sold wherever gentlemen drink. Compare it with the imported sodas and learn that York Soda is better—yet costs no more.

## PRES. CASTRO ILL.

P. Fort du Franco, Dec. 10.—Reliable address received from Venezuela says that Castro was moved down to the village of Macuto, near Lagunes, last Monday. Castro is dependent as being very ill, being brought from Caracas on a bed. When he arrived at Macuto he looked like a corpse, and appeared unconscious. It is generally believed that he cannot live. Violently worded posters have been circulated in Caracas declaring no one is deceived regarding the gravity of Castro's illness, and the exercise of the executive power should be assumed through a Vice-President, as provided in the constitution. The poster declares that only routine government matters are assigned to and important letters are held in abeyance. General Parades, an ex-revolutionary, now in exile, is organizing an insurrectionary movement and declares that he will soon take the field. He claims to have fifteen thousand rifles at his disposal.

WANTED—A TEACHER FOR 1917 for Deep Creek, E. D. No. 267, applicant to state certificate and salary. Apply John Fink, Sec.-Treas. Beaver Hills P. O., Alberta.

## MAY'S COAL CO.

## Social and Personal

Prof Fitzgerald left this afternoon for his home in Brindale, Ontario. He will remain east during the winter. Dr. Whitehead is moving into his new residence today on the corner of Third street and McKay avenue.

Mr. C. W. Marshall, manager of Bevilston's retail department store who has been under the care of Dr. Fergus for two weeks is able to resume business duties again.

Robert Shields of Toronto, author of "My Travels, Visits to Land's End and Near," was in the city. Mr. Shields is on a trip through Western Canada.

EDMONTON RIFLE ASSOCIATION.  
Members and friends are requested to send the date of Anniversary and prize distribution, Tuesday evening, December 18th, at 8 p.m. The annual meeting and election of officers will take place at 100 p.m. prior to opening of concert.

## KNIGHTS OF COLUMBIA.

A general meeting of the prospective knights of Columbia will be held tonight at 8:30 sharp in the old C.M. U.A. school, on Fifth street, south of Jasper. The official organizer, Mr. Dragan Z.D., G.K., will be present at this meeting where very important questions will be dealt with.

## A LARGE ORDER.

The city council on Tuesday night sanctioned the ordering of 2025 tons of cast iron water pipe, with all the necessary fittings, and 147,000 feet of sewer pipe, the invoice of which will amount to something like \$275,000. This water pipe order is calculated to be sufficient for all next summer's extensions, including the main to Dwyer's plant.

## THE CALEDONIAN SOCIETY.

The young Scotsmen of the city met last night in Houston's hall and organized a Caledonian Society. The following were elected to the various offices: President, J. R. Hebbert; vice-president, Henry Wilson; secretary, John Gilmartin; treasurer, A. G. Reid; official singer, Tom Craig; auditor, Eugene Walker and Black, bard J. W. Williams. Three additional officers were also appointed, Messrs. Watt, Lloyd and Lane. The general committee is comprised of Messrs. John Baxter, J. A. McDonald, W. Stuart, Baird, John A. C. Cameron and G. H. McLeod.

The club have not yet decided upon a place of meeting, but this matter will be arranged and due notice of the place and date of the next meeting advertised.

## INTERMEDIATE HOCKEY.

Manager Joe Dubuini of the Intermediate hockey team desires that all players in the city for practices at the Thistle Rink Thursday night from 9:15 to 10:15. The training room is conveniently heated and lockers for the players have been provided. The players' gear should have charge of the men on the ice.

A good practice was held on Monday night. Of the old team there were present, Steve's Gandy, goal; G. Easton, D. R. Johnston, cover point; "Doc" K. L. rover; Chester Sanford, center; E. H. Clark, left; G. G. G. right. The faces were Ross, Hilly of the Calgary team, Straman, Gossau and Taylor. Manager Dubuini is a thorough expert and says he has a real fast team.

## CITY COUNCIL MET LAST NIGHT

Routine Business Handled At Regular Session

A letter from the pastor of the German Lutheran church was read stating that they had received notice of taxation on the lot on which their church and parsonage stood, in block 2, H.B.R. As the notice was received too late for the court of revision of the assessment, they asked for a rebate of the taxes as per the usual treatment to church property. The request was granted.

Alfred Brown, as agent for the syndicate wrote offering to extend for ten days an option already run out on the old disputed 66 feet known as Water street. The property is being used as a street by the city, but the syndicate claims that it belongs to them. Alderman Manson and the solicitor who were appointed to look into the matter reported as it was a fact that the street had been laid down and used for many years as such, and that water works had been laid down and that the street had been shown on an unregistered plan. It was the opinion of the solicitor that the fact was established that it had been used as a highway and that the city could not be compelled to pay for the property occupied as a street. The report was adopted.

The report of the returning officer was submitted and read. The report was adopted and accepted by the council.

A report of the commissioners recommending that the charge for water where wood-frame plants was used by reduced from 1-4 of a cent a yard—the charge for ordinary plaster—to 1-4 of a cent a yard, was adopted.

A report of the city solicitor that the city was not liable to J. A. Campbell for damages to a team which ran away while being untied by a city employee, was read and adopted.

Alderman Latia moved that the appointment of a medical health officer be laid over until next year, until the association hospital was completed.

Alderman Mayer moved that the applications were to be received up until the 15th of the month, and suggested that the motion of Alderman Latia would then be in order.

The fire limit bylaw came up but was laid over for the next council. Alderman Picard stating that some of them had a plank about fire limit extensions in their platform.

## POWER SITE UP THE SASKATCHEWAN.

Hydro electric power for Edmonton was a matter of discussion at the meeting of the board of trade on Tuesday afternoon. Mr. Fisher, secretary, informed the board that he had sent some time up the river this fall with an engineer from the city engineer's office taking levels. The board of trade have taken steps to have expert opinion. Mr. C. H. Mitchell, of Niagara Falls, Ont., who was engaged by the Ontario & Niagara Power Co., which the installation of their works was in progress, on his way to Edmonton, to investigate the advisability of establishing a hydro-electric power station at some point up the river. It is thought it will be necessary to go some eight or ten miles up the river to obtain head enough. The plan suggested is to tunnel the water by an immense steel aqueduct to the front line with provision for a suitable intake during high and low water, and also during periods of severe frost. Mr. Donald Ross said that it would be a difficult undertaking, the river being so subject to floods. Five years ago the river rose 38 feet above low level.

## WE TAKE PLEASURE

In calling your attention to this advertisement as we wish to inform you that we have arranged to carry on business at the below address as Manufacturers' Agents.

We have just received some new designs in Typewriters, Cash Registers, and Scales, and we will strive to get from manufacturers new things as they come out, if we do not have what you want we will look it up for you and try and fill your order.

We will contract to furnish your Hotel, Billiard Hall or Barber Shop complete in all departments except liquor, supplying you with full information in regard to goods and prices. The goods we handle are manufactured especially for Hotels, Billiard Halls and Barber Shops. We can save you the expense of visiting the different cities, and will possibly sell you the same goods for less money than what you can buy them for.

If you are in need of any article in the Hotel equipment line, we are at your command, no trouble, glad to serve you.

## A VOLUNTARY ENDORSEMENT

During the Gleichen campaign the Calgary Herald considered its good opposition policies to reproduce daily in black letters on its front page a quotation from the Albertan that the Butherford Government "punishes" its constituency for sending an opposition member to represent it.

A higher tribute could be paid to a Government, especially by an organ only too anxious for an opportunity to state the contrary. The Gleichen electors apparently appreciated the truth of the statement and the fact adds significance to the splendid majority given Mr. Riley. The electors were under no compulsion to elect him and the fact that they did elect him and that by a largely increased majority, is therefore the more noteworthy.

## THE BEWILDERED OPPOSITION

The revised tariff appears to have satisfied or silenced everybody but the Manufacturers' Association and the Conservative press, and on the whole it was hardly to be expected that Mr. Fielding would produce a tariff, supposing it possible, which would either satisfy the importunities of the former or silence the maledictions of the latter. The Opposition in the House dropped the tariff debate like a hot potato. Mr. Foster tried it, laid it down, excused himself and went rummaging around over the history of the country and the commercial conditions of the world for something to throw at the Government. In committee Mr. Foster's courage returned long enough for him to voice a fear of the terrible consequences should the intermediate tariff ever operate for lowering the tariff between Canada and the United States—an eventuality not likely to arouse responsive apprehensions in the minds of Mr. Foster's fellow countrymen. Mr. Cockshutt stayed with the debate long enough to voice his mistaken confidence in the beneficial results of high protection as exemplified in Brantford and to express his perhaps natural belief that the duty on agricultural implements should be increased.

Not so with the Manufacturers' Association. It did not take these gentlemen long to discover what they thought of the tariff nor to give the world the benefit of the discovery. Nor with the Conservative press, though the outbreaks of the latter lack the fine sense of harmony displayed in the former. The Manufacturers' Association saw in the new tariff a refusal of their demands for a Dingley tariff and are acting accordingly with both enthusiasm and unanimity; the Conservative journals have not yet agreed as to what they think of it and while the high tariff organs in Manufacturing Toronto bewail the failure of the Government to recognize the necessity of better protection for Canadian industries their conferees in the rural communities seek to discredit the Government by acclaiming the new tariff an admission of the protection principle.

The trouble with the Opposition is that Mr. Fielding has taken them at their word, though probably not as they intended it. For years the standing demand of the Opposition in Parliament and out has been that the tariff be "taken out of politics," and treated as a business proposition. Mr. Fielding appears to have taken them at their word. He held sessions of the Tariff Commission all over the country and then gave the country the kind of tariff the country had asked for. In so doing he changed the tariff revision from an attempt to force the people of the country to accept the tariff ideal of a section of the people into an attempt to reflect how far the people of the country as a whole were prepared to go toward that ideal. In consequence the new tariff realizes neither the ideal of the free trader nor the high protectionist, but it reflects as nearly as possible the present public opinion of what the tariff

should be, while making provision in the intermediate tariff for carrying into practice the principle of tariff reduction as rapidly as public opinion warrants it.

This was very practically and very effectively taking the tariff "out of politics" and making it a matter of business—the business of the people and directed by the direct voice of the whole people. This, however, was scarcely the intention of the gentlemen who were so anxious to change the tariff from a political issue to a matter of business adjustment. And that it was not their intention is proven by the bewilderment with which they regard it.

## OLD AGE PENSIONS

Australia last year appointed a commission to inquire into the working of old age pension schemes, their cost and benefits and to report on the advisability of adopting a federal old age pension law for the Commonwealth. This report of the commission has been published and shows that old age pensions are paid in New South Wales, Victoria and New Zealand. Evidence regarding the working of the systems was taken in each of these colonies. New Zealand has nearly 12,000 pensioners, whom it supports at a sum exceeding \$1,500,000; that New South Wales spends over \$2,400,000 on her 22,000 pensioners, and Victoria \$1,250,000 on her 44,500 pensioners.

While the report of the commission favors the adoption of such system the evidence presented to them was by no means uniformly favorable. Witnesses in many places testified that such system discouraged personal thrift and voluntary benevolence and encouraged deception as to the financial ability of applicants for the pension.

These are results which appear inevitable from such a system. That there are in every country many who through no fault of their own find themselves in old age without means of support, cannot be questioned. But there are also in every community a far greater number whose industry and thrift during the working years of life spring only from a fear of want when the working years are past. To assure such that they have no future want to fear would be to release them from all desire to work and would be accepted by them as license to idle through life useless to themselves and more than useless to society. Alike industrial and social welfare demand that every man should be a worker and for those who have no more ambitious motive the fear of future indigence is an effective spur. To remove this spur without replacing it with one equally effective would be to encourage a race of sturdy loafers, drifting in old age into undeserving charges upon those who were willing as well as able to work.

That the better judgment of society would be willing to contribute the means of comfortable subsistence to the aged poor there is little reason to doubt, provided this could be done without the pension law being degraded into an encouragement for idleness and extravagance. This, however, is easier said than done when the system bestows pensions from the common funds indiscriminately on those attaining a certain age. To prevent such abuse there must be in the system an encouragement, if not a compunction, to thrift. This could be done by making the pensions contingent upon annual contributions in earlier life to the pension fund. By this means only those who paid into the fund would be entitled to draw from the fund and the amount of the individual pension would be determined by the amount the beneficiary had previously paid in. This would amount simply to a government annuity fund. The weakness of this, however, is that the securing of a pension would be a purely voluntary affair; the pension would go only to the man who was industrious and thrifty enough to lay up against the rainy day, and this is the man who usually does not need a pension. Society would still be afflicted with the man who will not work and the man who squanders his wages, and these are the men who usually require such pensions. They could probably be reached only by making contributions to the pension fund compulsory, as in Ger-

many. The experience there has been, however, that those most likely to need the fund divide their time about equally between demanding a reduction of the contributions and advocating an increase in the pensions. For the man who will not provide for his future voluntarily will resent being forced to do so.

We beg to assure you again of our keen appreciation of the kindly interest you have manifested in the rising of our Curtain.

The "Four Words Behind the Curtain" will appear TO-MORROW EVENING—THURSDAY. Yesterday we gave you a fair insight into what the words were. We cannot give further details without removing the spice of interest in the competition. We would then refer you to our space in yesterday's issue of this paper for information.

We ask you to do this, however: send us in your answers. Answers will be accepted up till Thursday Morning at Eleven o'clock—not later.

In waiting for to-morrow's revelations we "Boost for Edmonton!" and beg you to believe us,

Ladies and Gentlemen,

Your Obedient Servants,

**Crown Real Estate Company.**

## BOARD OF TRADE REGULAR MEETING

The regular monthly meeting of the board of trade was held yesterday afternoon in the city council chamber with Mr. John Macdonald as chairman. The business of the afternoon was confined to business arising out of the minutes and the disposal of communications.

### NEW MEMBERS

Six new members were nominated and elected. They were Messrs. E. C. Lawler, manager of the Dominion Bank; J. F. Qua, Dominion Brokerage Co.; F. H. Morgan, Mubinsin; J. M. McPhail, and Louis Macore.

The communication of the Halifax board of trade regarding the good offices of the administration of the city of Halifax in maintaining the weekly calls of the C.P.R. mail steamers at Halifax to put off mails before arriving at St. John, N.B., was favorably discussed and filed. The Edmonton board will take no action in the matter.

### TECHNICAL EDUCATION

The committee appointed at the last meeting to prepare a resolution of technical education was submitted. The committee reported in favor of making strong representations to the Dominion Government in favor of a national system of technical education. The resolution will be forwarded to the Premier of Canada.

### IMPROVED WATERWAY

Communications were next dealt with. The Kingston board of trade has asked a resolution for the endorsement of our board. The resolution sets forth the advantages of improving and enlarging the Welland Canal as a matter of urgent importance to Western Canada. They requested also a delegation from Edmonton to act with other delegations from the west and east to meet at Ottawa sometime during the present parliamentary session to urge upon the Government to undertake this great work without further delay. The board decided to endorse the resolution, but will not send any delegation.

### REDUCED EXPRESS RATES

Secretary J. F. Smith of the Kamloops board of trade has written asking the co-operation of the Edmonton board in making representations to the superintendent of the C.P.R. Dominion Express at Vancouver to reduce the rates upon fruit. The rates from the fruit centres of British Columbia to Vancouver, Calgary or Edmonton are so excessive as to be a barrier to the fruit of the province and to the detriment of the producer and shipper. The rate at present on a box of apples of 40 lbs is 89 cents and on a box of tomatoes 59 cents. The discussion on this question was emphatic and the consensus of opinion was that the time has come that courageous action must be taken in the matter of transportation. A motion was passed to co-operate with the Kamloops board.

### LOWER PASSENGER RATES

Mr. Fisher stated he had received a communication from the Railway Commission on the matter of railway passenger rates. Last summer at the meeting of the western associated boards of trade a resolution was passed and submitted to the railway commission asking that the passenger rates be reduced to 10 miles on all western lines. In conformity with the requirements of the railway act the C.P.R. recently submitted their tariff of passenger rates to the commission with reasons why the reduction from the 10 rate should not be made. The railway commission have refused to reduce the rate beyond Jan. 1st 1927 when the company will reduce the rate to 3-1/2 cents a mile upon the main and all branch lines.

### DENATURED ALCOHOL

H. L. Craig of the Olds board of trade has written the secretary of the Edmonton board asking for concerted action of the Alberta boards of trade in urging upon the Government to put denatured alcohol on the free list, in view of its value as a fuel, and the growing scarcity of wood, and difficulty in obtaining coal. The necessity of the request has passed away as the new tariff has this commodity on the free list.

A discussion on the coal problem led by Col. E. B. Edwards concluded the business of the afternoon.

(Continued on Page Ten)

## KILLED BY FALLING TREE

Fatality At Lumber Camp Up the River on Friday

Albert Smith, employed by W. B. Thompson, who has a large contract of cutting logs for the Edmonton Lumber Co., up the river, was instantly killed last Saturday at Tomahawk Camp, 119 miles up the Saskatchewan river by a falling tree, which struck him on the head. The body was brought to Edmonton to the undertaking rooms of Moffat, McCoppen & Bull, on Monday by Leonard Cameron, one of the teamsters. The first news of the accident was obtained by the men of the Edmonton Lumber Co., who met the party conveying the body at Stony Plain. The news was immediately telegraphed to W. H. Clark, of the Edmonton Lumber Co. The coroner, Dr. Braithwaite, was notified, who, after receiving a statement of the facts, decided an inquest was not necessary. The deceased was from Cardiff, Wales, last May, and is known to have two brothers in Winnipeg, who have not yet been located.

The funeral will take place tomorrow, Thursday, at 11 a.m. from the undertaking parlors of Moffat, McCoppen & Bull. As far as can be learned, Smith was chopping a tree a short distance from the tree which fell upon him. When the tree was about to fall, the men, as is the custom, gave a warning call. Smith apparently did not hear, and was struck by the top branches. Smith was dead when his comrades reached him.

## GRANTED POWER TO CHANGE PLANS

City Council Endorses Commissioners Request to Alter Sewer Scheme and Ald. Calhoun Objects

What looked like a resolution of very large importance was passed last night when the city council adopted the report of the commissioners with regard to changing the sewer plans.

The commissioner's report was very brief and indefinite. It said, in effect, that a large saving could be made by changing the course of the main trunk sewer, reducing the size of it and raising the entire system so as to bring it closer to the surface. Commissioner Pace made a statement to the effect that a saving of probably \$100,000 could be effected.

The nature of the changes to be made were not stated except in general terms, but the council adopted the report, placing it in the hands of the commissioners to make the changes they deemed advisable.

Alderman Calhoun refused to sanction the adoption of the report, voting against it alone.

The plans of the changes contemplated by the commissioners are not completed. Commissioner Pace stated to the effect, however, that he believed that by a change in the route of the trunk sewer between its outlet and First street, and by a reduction in size he could reduce the cost of that part alone \$100,000.

To what extent the size of the sewer is to be reduced is not stated.

## DICKSON & CO.

This list changed every three days. Do you wish to build in the west and? Examine into these for December 7.

\$1,700—Fine lot on 11th street south of and close to Jasper. Half cash. \$500—Each. Two fine lots on 10th street. \$300 cash on each. You really must ask us about these.

\$40,000—50 feet frontage on Jasper avenue, near Merchants Bank. Buildings drawing a splendid rental. One third cash, balance 1, 2, and 3 years.

Read this telegram from Santa Claus: just to hand this morning from the North Pole.

SANTA LEAVES THE NORTH POLE.

A Wireless just received reads:

Dear Mr. Manager (at Douglas')

How the time flies. Here I am once more starting off for Edmonton. This year I have been warned that a great number of very fierce wolves, sea serpents, walrus, dragons, Esquimaux and robbers are waiting for me, so I have made an airship to travel in with my deer and the toys for children. How I long to see them again. All their wireless messages I have received, and, as I have a wireless telegraph apparatus on my air ship I can receive the dear children's messages, while flying towards Edmonton. Mrs. Santa Claus says it is high time for me to be off, so I must hurry. Will wireless towards you. Love to all the dear children, Your faithful old friend,

SANTA CLAUS.

P.S.—Tell the children to wireless me from your store.

We invite you to visit our store any time either during day or evening. You will find something of interest in every corner. Remember we are open from 8 a.m. till 10 p.m. every day.

## THE DOUGLAS CO., LIMITED, 111 Jasper Avenue, East

## TO INSPECT CANNED MEAT

Minister of Agriculture Provides For  
Inspection of Food Products

Bulletin Special.

Ottawa, Dec. 11.—Hon. Sydney Fisher in the House today introduced a bill for the supervision and inspection of canned and uncanned meats, fish, fruits and vegetables. The inspection of canned and uncanned goods is to be more drastic than that in regard to fruits and vegetables. The minister said that he was open to conviction as to whether or not fish should be placed in the same position as meats. The bill put fish in the same category as fruits and vegetables. Mr. Fisher proceeded to the explanation of the bill with a statement as to why the legislation was necessary. There were certain revelations in Chicago which affected the market of the world in regard to canned meats. He sent one of his officers to examine all the packing establishments in Canada. This report showed that these establishments which were not situated together, the same as in Chicago, were in excellent condition as far as sanitary arrangements were concerned. There might be one or two instances which required a little remedy but these were corrected as shown to exist. Indeed, the packers were as strict as the government to have no reason of inspection so that their goods might be easily marketed abroad. The western chaps in the Canadian packing houses were of a superior class, principally from Europe. There was no inspection, however, and this was necessary so that the trade might know and hold in place the British market. The United States had exported a large amount of money in tagging and inspecting years ago so as to not let the German market for pork. Mr. Fisher's statement was a result of the recent excitement in the United States Congress has passed a most drastic law, going into every detail of inspection, supervising and marking the meat products exported from that country. Communications have been directed to my department from England and other countries abroad asking what were the laws of Canada in regard to this matter. The British government sent an officer to the United States to report on whether it would be possible in future to buy United States canned and other foods for the supplies of the British army. Municipal organizations in England, the London county council and other similar bodies have passed very stringent regulations as to the supervision and sale of these foods.

"All this indicates that it is desirable for us to do all we possibly can to inspire the confidence of the markets of the old country in the articles which we export, for if we do not comply with the regulations in force in these markets we would be at a great disadvantage, especially in comparison with our greatest competitor, the United States. The United States has applied the provisions of the law regarding its export trade because one of the difficulties of the law which applied only to the export trade was the simple fact that inferior articles intended for internal use might slip through and be exported to the discredit of the country exporting them. In view of the great precaution taken by the United States it behooves us to do at least as they have done. I do not think I need dwell further on the reasons for the introduction of this bill."

Sir Wilfrid Laurier has given notice of motion that when the House adjourns on Dec. 20 it stands adjourned until January 8th. There is a general opinion here that Dr. Nier, director general of the Army Medical Corps, who distinguished himself in South Africa, will be made deputy minister of militia. A bill to incorporate the Northwestern Trusts and Loan Co. was introduced in the House today, also a bill to incorporate the Qu'Appelle, Laung Lake and Saskatchewan Railway and Seaboard company.

**CRUISER ASHORE.**  
Buller's Special.  
Portsmouth, Dec. 11.—A wireless telegram message was received today from the British cruiser, St. George, announcing that she was ashore off Culver cliff in the east channel, and asking for assistance. Two tugs have been sent to haul her off. The St. George is a first class twin screw protected cruiser, 7,700 tons, commanded by Captain Herbert A. S. Fyler.

**SEALED TENDERS** addressed to the undersigned and endorsed "Tender for Heating System, Immigration Building, Edmonton, Alta." will be received at the office until Thursday, December 27, 1926, inclusively, for the construction of a heating system in the immigration building at Edmonton, Alta.

Plans and specification can be seen and forms of tender obtained at the Department, and on application to Mr. R. J. Macdonald, Clerk of Works, Edmonton, Alta.

Persons tendering are notified that tenders will not be considered unless made on the printed form supplied, and signed with their actual signatures. Each tender must be accompanied by an accepted cheque on a chartered bank, made payable to the order of the undersigned, the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if he fails to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. By order,  
FRED GELINAS,  
Secretary.

Department of Public Works,  
Ottawa, Dec. 5, 1926.

Newspapers inserting this advertisement without authority from the Department, will not be paid for.

## CORONER INVESTIGATING.

Bulletin Special.

Winnipeg, Dec. 11.—The body of the Ira B. Hall who was killed this morning on Main street by a street car is being held awaiting the order of the coroner, who is making an investigation into the circumstance. So far as could be learned there was no eye-witness to the accident, but it is proved clearly that Mr. Hall met his death by being struck by a St. Boniface car. The motorist saw nothing of him until the car had gone ahead and he was told that he had run over a man. Had he approached the car from the side and walked into it the motorist would not see him and it is supposed that this is what happened.

ed. Mr. Hall was well wrapped up and in looking at the tracks of the car did not see the one which struck him with fatal results. No funeral arrangements can be made until after the coroner gives notice permitting the burial. An inquest may be held.

## FARM HOUSE BURNED.

Killarney, Man., Dec. 11.—A large farm house belonging to Mr. Moxley, about four miles west of here, was destroyed by fire. The fire was discovered by one of the neighbors and before assistance could be obtained the house was in flames. The loss is very heavy and it is not positively known if it was insured.

# HAPS & COLD SORES

The condition of the skin during the cold weather has an important bearing on the general health as well as on the comfort. Sore chapped hands, cold-cracks, chilblains—all these, besides being painful and unpleasant, have a detrimental effect on the subjacent tissues. Zam-Buk is more than a mere salve. It is an antiseptic dressing composed of the best herbal essences. Applied to cracked places, chaps, sores, etc., its antiseptic properties come into immediate operation. It kills disease germs, prevents inflammation and suppuration, and then it heals. A leading chemist has proved that the antiseptic power of Zam-Buk is greater than that of crude acid, yet Zam-Buk works without pain. Its healing properties are such that even chronic sores yield to its power. Ask your friends about Zam-Buk. Better still, try it yourself. See free sample offered below.

## HANDS SO SORE DARE NOT WASH.

Mrs. H. H. Rankin, of Arpin (Ont.), says: "My hands had big cracks on them which caused me much pain. I could hardly work. Whenever I tried to put them near water they would smart and burn as if I had scalded them. They did not seem to be benefited by anything I tried until Zam-Buk was introduced. To my great pleasure, within a very short time Zam-Buk closed up the cracks and healed the sore places. My hands are now white and smooth."

"I recommended Zam-Buk to a friend who had a sore finger, and it cured that, too. I think it a splendid household ointment."

Zam-Buk cures cuts, burns, bruises, ulcers, sores, abscesses, boils, ringworm, scalp sores, blood poison, etc. Rubbed in it cures rheumatism and sciatica, and rubbed on the chest eases tightness and aching due to cold. Of all druggists at 50 cents a box or from Zam-Buk Co., Toronto for price. 6 boxes for \$2.50.

## A Free Box

Send this coupon and a stamp to Zam-Buk Co., Toronto, and a free box will be mailed you.

**Bulletin Special**  
Paris, Dec. 11.—This is a history day for France. The struggle which began in 1870 with the bankruptcy of the Empire ended today with the final repulse of the band which practically for a thousand years has united the church and state.

Constantinople, Dec. 11.—A German socialist attending the Sultan has pronounced the latter's case hopeless.

Winnipeg, Dec. 11.—Ira B. Hall, a married man, and caretaker of the Kirkfield race track was killed this morning on Main street attempting to get on a St. Boniface car.

Paris, Dec. 11.—After a meeting of the Cabinet today it was announced that on December 14th, Premier Clemenceau will ask Parliament to suppress the pension to clergy, to liquidate the public property of the Church, to distribute the Presbyterian seminaries and it is also stated that the government had decided to expel from France Mr. Monaghan, secretary of the Pope at Paris, who has represented the Vatican since the result of the Papal Nuncio.

### STUDENTS BURNED

Ithaca, N.Y., Dec. 7.—Seven persons lost a "bad" night this morning in the most disastrous holocaust which ever visited Cornell University. Three of the victims were volunteer firemen of the city of Ithaca, and four of them were students of Cornell University. The firemen were all prominent in the city. They were A. S. Robinson, attorney; John Ramsey, hardware merchant; and Edson Landon, a salesman. The students were O. L. Schuchman, of Hanover, Pa.; F. G. Reik, of South Orange, N.J.; W. Nichols, of Chicago, and J. M. McCutcheon, of Pittsburgh. The cause of the fire is unknown.

The entire first floor raged with flames, under the strong, north-west wind, and the students were trapped in the dormitory on the third floor. Many of the boys jumped to safety while those who hesitated were carried to the ground by the falling walls.

The money loss is nearly \$200,000. Cornell University is immeasurably horrified by the catastrophe and the academy is almost paralyzed for the moment. President Sherman issued a statement in which he credits C. Schuchman with wonderful heroism in re-entering the burning building in search of his room mate, W. H. Nichols, who is believed to have perished. The ruins are so hot that it is impossible to search the bodies.

### WEATHER REPORT

Winnipeg, Dec. 11.—The Canadian Meteorological service weather bureau observations, taken at 7 o'clock last evening, Winnipeg time.  
Port Arthur, -8, clear.  
Winnipeg, -6, clear.  
Minneapolis, -8, clear.  
Qu'Appelle, -2, cloudy.  
Swift Current, -10, clear.  
Bathurst, -14, clear.  
Prince Albert, -8, clear.  
Medicine Hat, -2, fair.  
Calgary, -2, cloudy.  
Edmonton, -14, fair.

There is a severe storm near the B.C. coast, which will probably cause gales and heavy snow near the mountains. The temperature is extremely low in the far north and no break is indicated at present.

Minimum and maximum temperatures:  
Edmonton, 48 below; 41 below.  
Atlin, 24 below; 15 below.  
Atlin, 24 below; 15 below.  
Victoria, 34, 41.  
Vancouver, 35, 48.  
Kamloops, 24, 32.  
Forecast—Manitoba and Saskatchewan—Easterly winds, fair and continued rain, with light local snow falls. Alberta—Easterly gales, continued cold with snow.

### FLOATING STONE NEWS

Correspondence.  
Floating Stone, Dec. 6.—Roads fine, sleighing good, weather cold and crisp, the thermometer having reached 10 below zero.

Harry London, the trapper, again in 1 Floating Stone, visiting old friends. John Bull has been again arrested for selling liquor to the Indians. This is the second offense within two months. Mrs. Wm. Wiers, who went to Bathurst to meet her mother there six weeks ago, has been quite sick. She and her daughter are expected at home this week.

Fred Leirer is again living on his homestead. Jarvis Chapelle, manager of the "Gas Band," has gone to Vegreville for some new music.

The new road Mr. Boyle had built for the benefit of the Floating Stoneites is snowed under but it will probably float in the spring.

A party from Floating Stone paid a surprise visit to Mr. and Mrs. Vincent Smith, Sunday evening. A fine time was had, and a fine supper spread by the hostess.

Rev. Steinhilber who preached to us once a month, is in the sick list.

The Sunday school is progressing nicely.

### ATHABASCA LANDING

Correspondence.  
The annual meeting of the ratepayers of the village of Athabasca Landing, was held in the hotel house last night to elect an overseer for 1927. The hearing of the overseer's report of receipts and expenditures for the year 1926, and other matters were disposed of.

Mr. Chas. E. Hilker was re-elected as overseer. A very important question was then brought forward regarding fire protection for the village. After a lengthy discussion it was unanimously decided that the overseer proceed at once to have three large wells put down in the central parts of the village and to provide them with large force pumps and hose necessary to reach any part of the town.

It was also decided that the pound by-law be strictly enforced, and that no animals shall be allowed to run at large in the village from November 1 until April 1.

D. J. Bergin, G. T. P. engineer, and party, who have been working west of Lesser Slave Lake for the past seven weeks, left yesterday on his way to Edmonton.

Mr. Reid, manager of the Imperial Bank, is now here busy getting the bank fixtures in place. He wishes to open for business about the twentieth. The weather has been very cold for the last few days. The thermometer went as low as 33 below on Sunday night. Much warmer today. About four inches snow fell last night and still snowing.

**THE ORANGE MEAT CO.**  
are offering a price of Ten Dollars in Cash to the person who sends in the largest number of coupons during the month of December that are taken from their 15c packages of Orange Meat.

These coupons will have to be mailed or delivered between the first and last days of December, 1926. Ten days will be allowed to give time for coupons mailed from any part of Canada to reach the office of the Orange Meat Co., Kingston. On the 10th of January 1927, the prize will be awarded.

**NOTICE TO MEDICAL MEN**  
Applications will be received by the undersigned up to Thursday, the 13th inst., for the position of City Medical Health Officer. The salary is \$2,000.00 per annum and the applicant must state qualifications and be prepared to devote his whole time to the work.

Signed: **W. J. PAGE,**  
COMMISSIONER.  
**Coming!**  
**Learn Dress-Making**  
In four days, or learn by mail in your spare time at home.

Mr. and Mrs. Wm. Sanders, of the Sanders' Dress-Cutting School, Stratford, Ont., Can., will visit this place on date given at bottom of advertisement, and will show how you can learn to cut, fit and put together everything in dress-making. Course consists of eight lessons which are:

1st Lesson—How to take a correct measure. How to use the Ellis Ladies' Tailor System to fit anyone.  
By the time you are through with this lesson you will know as much about cutting as if you worked in a shop six months or a year, and gave from \$5.00 to \$25.00 for a system. In this lesson you test the perfect fit of system by making a waist for yourself or friend.

2nd Lesson—How to cut the different styles in lined waists, by draping, pleating, yokes, revers, boleros, etc., and putting all together. Fitting and particulars to finishing.

3rd Lesson—How to cut by drafts all kinds of yokes, berthas, collars, girdles and cuffs.

4th Lesson—How to cut different kinds of sleeves and put together.

5th Lesson—Everything about wrappers and Princess dresses.

6th Lesson—How to draft to cut skirts by measurement by using the rule of system only; any kind of skirt, no matter what style, can be more easily cut than by using patterns.

7th Lesson—Finishing skirts, cutting coats, etc.

A few reasons why it is the best way to learn. (1) Because it costs no more than the making of one dress. (2) It only takes four days personally, or a couple of weeks by mail. (3) The whole family can learn from system and lessons you take home. (4) I have had thirteen years' experience in dress-cutting and teaching. Have taught over six thousand pupils and all were more than satisfied. I guarantee to give \$50 to any one who can't make a perfect fit after they are through—and you don't pay until you are through and are perfectly satisfied. Don't forget to call on Saturday. Farmers' daughters, and ladies who have worked at dressmaking, or apprentices, specially invited.

MRS. WM. SANDERS,  
Inventor and Instructor.  
Will be at Yale Hotel, Calgary, from Saturday, November 24th, to December 1st. At Windsor Hotel, Edmonton, from Saturday, December 18th to 19th, showing method of teaching and enrolling pupils. Will be teaching in each place the week following. Don't miss this opportunity if you have any desire to learn.

## SAMPLES OF GRAIN FOR THE IMPROVEMENT OF SEED

To the Editor of the Bulletin, Edmonton.

Dear Sir,  
By instruction of the Hon. Minister of Agriculture a distribution will be made this season of samples of superior sorts of grain to Canadian farmers for the improvement of seed. The stock of distribution is the very best and has been secured mainly from the excellent crops recently had at the branch Experimental Farms at Indian Head, Sask., and at Brandon, Man. The distribution will consist of samples of oats, spring wheat, barley, Indian Corn (for ensilage only) and potatoes. The quantity of oats to be sent will be 1 lb. and of wheat or barley 5 lbs., sufficient in each case to sow one-tenth of an acre. The samples of Indian Corn and potatoes will weigh 3 lbs. each. A quantity of each of the following varieties has been secured for this distribution:

Oats—Banner, Wide Awake, White Cloud, Danish Island, Thousand Dollar, Improved Ligowo (White varieties) and Golden Wonder (yellow).  
Wheat—Red Fife, Preston, Pringle's Champion, Percy, Stanley, Huron and White Fife.  
Barley—six-rowed—Mensury, Odessa, Mansfield and Claude. Two-rowed—Stanwell, Inviscible, Canadian Thorpe and Stanley.

Indian Corn (for ensilage).—Early ears, Angel of Midnight, Compton's Early and Longfellow; late varieties, selected Learning, Early Mastodon and White Cap Yellow Dent.  
Potatoes—Carman No. 1, Early White Prize, Rochester Rose, Mooney Maker and Late Puritan.

Only one sample can be sent to each applicant, hence if an individual receives a sample of oats he cannot also receive one of wheat, barley or potatoes. Lists of names from one individual, or applicant for more than one sample for one household cannot be entertained. The samples will be sent free of charge through the mail. Applications should be addressed to the Director of Experimental Farms, Ottawa, and may be sent in any time before the 15th of February, after which the lists will be closed, so that the samples asked for may be sent out in good time for sowing. Applicants should mention the variety they prefer, with a second sort as an alternative. Applications will be filled in the order in which they are received, so long as the supply of seed lasts. Farmers are advised to apply early to avoid possible disappointment. Those applying for Indian corn or potatoes will please bear in mind that the corn is not usually distributed until March, and that potatoes cannot be mailed from here until danger from frost in transit is over. No postage is required on mail matter addressed to the Central Experimental Farm, Ottawa, Wm. Saunders, Director Experimental Farms, Ottawa, November 21st, 1934.

## AGRICULTURAL LOCAL IMPROVEMENTS

A meeting of the council of local improvement District No. 2, R. 4, was held at the home of Mr. Mitchell, Agricola, on Saturday, Dec. 1st at 2 p.m. Present: Councilors Faircliff, Moran, Lackey and Davis.

The minutes of last meeting were read and on motion of Davis and Moran were adopted.

Several communications were read by the secretary.

In regard to the request of P. Featherstonough stating that the taxes assessed against the N. E. 1-4 of section 36 Tp. 54, range 22 prior to the year 1934 be cancelled from the roll, the secretary was instructed to write Mr. Featherstonough stating that the council can take no action in the matter and that they advise him to communicate with the Department of Public Works regarding the matter.

Moved by Mr. Moran—Davis that in accordance with letter received from Deputy Minister of Public Works, that the following roads be cleared of brush and timber, and that logs be provided for constructing cross-ways where necessary.

Names between sections 13 and 14, 15 and 16, 17 and 18, 19 and 20, 21 and 22, township 54, range 22 west of 4th M. at a total cost of \$150.00 and that John A. Moran, Esq. Saskatoon be recommended as foreman over said work. Also that the road allowance between sections 10 and 11, 14 and 15 and 22 and 23, township 54, range 22 west of 4th M. be cleared of brush and cross-ways constructed where needed at an estimated cost of \$150.00, and that Mr. H. Lackey, East Clover Bar be recommended as foreman over said work.

Also that the road allowance between sections 20 and 22, 22 and 27, 27 and 28 and also between S. E. 1-4 Sec. 19 and S. W. 1-4 Sec. 20, all in Tp. 54, Rg. 21, W. of 4th M. be cleared of brush and cross-ways constructed where found necessary at an estimated cost of \$200.00 and that Mr. J. Hodgins, Agricola, be recommended as foreman to oversee said work.

Carried unanimously on motion of William Lackey. The secretary was instructed to order the necessary printing for the annual election.

On motion of Lackey—Moran, returning officers were appointed and polling places decided on as follows:  
Division No. 1.—Returning officer, R. Harrison; polling place, home of E. J. Just.

Division No. 2.—Returning officer, J. M. Moran; polling place, home of J. M. Moran, S. W. 1-4 Sec. 36 Tp. 54, Rg. 21.

Division No. 3.—Returning officer, T. G. Pierce, Agricola; polling place, School House, East Clover Bar.

Division No. 4.—Returning officer, G. W. Davis; polling place, home of G. W. Davis, S. W. 1-4 18-24-22.

Division No. 5.—Returning officer, W. P. Stevens; polling place, school house, Clover Bar.

On motion of Davis—Lackey—The secretary was authorized to pay to each councillor the per diem and mileage authorized by law, also secretary's salary to the end of the current year.

On motion of Davis—Lackey—The secretary was accorded a hearty vote of thanks for the very efficient manner in which he was considered to have performed all the duties of his office during the year.

On motion of Moran—Davis—The

rough minutes of the meeting are approved and the chairman authorized to certify copy of same.

The meeting was adjourned with a vote of thanks to the chairman for the satisfactory manner in which his duties had been performed.

Also to Mr. Michaels who so kindly consented to the use of his house for the meeting.

## \$1,000,000 COMPANY ORGANIZED

Continued.

The Edmonton Prospecting Company held its first general meeting in the City Hall on Wednesday the 23rd ultimo at 8.30 p.m., to receive the committee's report and consider ways and means of developing the properties located by its prospectors during the past summer.

There was a large attendance of members and considerable enthusiasm was displayed in the business of the evening, the principal item of which was the decision to regularly organize the company under the name of "The Western Timber and Mines Ltd." with a capital of \$1,000,000 having its head office at Edmonton.

Among the valuable locations made are coal, slate, timber and stone. The best quality of stone located is a hard blue free-stone and its immediate development was decided on. The coal discovered and located on consists of some first class qualities of bituminous and lignite and will be opened up as soon as possible. The original membership consists of some fifty influential residents of this city. The charter has already been obtained from the Provincial Government, and a limited number of shares will be placed on the market in Edmonton.

## RANFURLY NEWS ITEMS

Correspondence.

On Saturday, Dec. 1st, L. R. Davidson, living about four miles south of the village, had the misfortune to lose four horses. Mr. Davidson started after a load of wood. In order to shorten the distance he decided to try the ice on Birch Lake. He had gone but a short distance when the ice suddenly gave way, engulfing his four horse team. It was by sheer luck that he personally escaped the fate of his horses.

Mr. Miller, the owner of the Horas Shoe Ranch, reports losing some seven head of cattle by drowning in Birch Lake. He also has lost several head by timber wolves.

On Thursday, the 6th inst., about 4 p.m., fire was seen coming from the roof of Mr. M. McDonald's shack, just south of Lake Elizabeth. By the time Ranfurly's volunteer fire company arrived on the scene the fire was beyond control. The shack and contents were entirely destroyed.

Besides cooking utensils, bedding, and some clothes, Mr. McDonald lost a chest containing a quantity of carpenter's tools, a gold watch and ninety-one dollars in cash.

Mr. Quartermaster commenced boring a well for T. W. Thompson, on Wednesday. When down about twenty-five feet he struck a vein of quicksand. This stopped proceedings temporarily.

Mr. M. Parent has disposed of his livery business to T. W. Thompson, the consideration being Mr. Thompson's farm.

Dr. K. L. of from Ontario is looking over our village with a view to locating his office. We understand he has leased a room from L. B. Brose, and intends building and putting in a stock of drugs in the spring.

Mr. Haggard has disposed of his holdings in Township 50, Range 12. One of the purchasers is a farmer, who will take up his residence on the land the first of the year.

It has been very cold here for the past week. Wood is at a premium. November 8—Mercury dropped to 30 below zero.

Standard I, Jr.—Ethel Anderson.

JESSIE MACLAUGHLIN, Teacher.

## Telegraphic

Bulletin Special.

Omaha, Neb., Dec. 11.—As the result of swallowing a live chameleon as an advertisement, Louise Douglas, formerly a woman comic actress, died here yesterday. An hour before death two little chameleons crawled from the woman's mouth and the physicians says her body is alive with the little reptiles. Two years ago Louise Douglas whose real name is Mrs. Harry Pice, swallowed chameleons and received much advertisement therefrom, but soon afterwards commenced falling and left the stage. She has been in a hospital in Omaha, Neb. more than a year.

## FROM DAY TO DAY

### A PECULIAR COINCIDENCE.

The story of what may have been the curious premonition of J. C. Baldwin, soldier in the civil war, is interesting. Baldwin before the war was engaged in journalism in Newark, New Jersey, where he wrote under the pen names of Ned Carroll and Frank Greenwood. These two mythical personalities soon became well known to the readers of the papers, and no one ever dreamed that they were merely the pen names of young Baldwin. At the outbreak of the war, Baldwin enlisted, and soon after he reached the front wrote several letters to a Newark paper, among which was a curious one recounting the death of the mythical Greenwood. It read—

"Mr. Editor—I only fulfil the dying request of a beloved comrade in appraising you of his sad fate. Two months ago a Frank Greenwood joined our company and soon became a favorite for his courage and good comradeship. Last week he received his death wound while sitting on a camp stool in front of his tent, from a shell thrown by a rebel battery, which burst within twenty feet of him.—Ned Carroll."

In 1864 Baldwin was sitting on a stool just outside his tent, when a shell from a rebel battery burst within 20 feet of him and killed him instantly.

### A SOCIAL WORKER.

Some fifteen years ago, Miss Jennie C. Newcombe held the position of College. Today she wears the blue uniform of the Salvation Army and her

life is devoted to work among the children of the poor. For the greater part of the time since joining the army she has been at the headquarters in New York. Not long ago she was transferred to Boston, and recently, with the title of adjutant, was placed in charge of the Somerville district. Miss Newcombe makes friends quickly with children of both sexes and has no difficulty in forming a "company" of them to correspond to the Sunday school of other denominations. In recognition of her special talents she is almost invariably given charge of distributing tickets for the children's dinners at Christmas and Thanksgiving. Never once has Miss Newcombe regretted the change in her career from the life of the cap and gown to that of the Salvation Army uniform, and those who have followed her work say that what has been lost to science has been gained by humanity.

### SOCIAL.

Mrs. H. R. Smith is not going to receive tomorrow and not again until after the New Year.

Mr. and Mrs. Blaylock, of Calgary, who have been visiting Dr. and Mrs. Mills in Ottawa, will spend the winter in Boston.

Mr. A. W. Hyndman, manager of the Royal Bank, has arrived in the city and will reside with his mother, Mrs. Hyndman, on Fifteenth street.

Miss Mary McIsaac, the new lady superintendent of the public hospital, has arrived in the city, accompanied by Miss Bessie Sargent, who will also join the hospital staff.

## WORLD'S MARKETS

The feature in today's stock market continues to be the steady appreciation of C. P. R. The predictions made by the Canadian Stock and Grain Co. were shown to be well founded again this morning, when C. P. R. made another big advance to 198 or five dollars a share advance over last night's closing figures. This makes an advance of some twenty-five dollars per share since the Canadian Stock and Grain Co. flooded the Canadian North West with pamphlets showing why this stock should sell at \$50 per share. The Canadian Stock and Grain Company predicts that this advance is but a forerunner of the big advance that is to come in this stock in the near future. The heavy disbursements of interest and dividends on the first of July will attract very heavy investment demand for Canadian Pacific.

Chicago, Dec. 11.—Provisions.—The very heavy run of hogs at western centres and prices at yards, will we believe, prove too much for this market. There is plenty of hogs in the country, and with more liberal supply of hogs in the market, on hard spots would sell for a run.

Chicago, Dec. 11.—Wheat.—We look for a lower range of prices today. The large decrease in visible supply which was not posted until late, caused uneasiness among the small shorts and commission house traders took advantage of this seemingly large decrease to buy a fair line of wheat.

With cold and clear weather throughout the North West, the shipments should increase in that quarter and also stop the large shipments of stock. The rather sluggish tone for foreign markets, will we think, work against any marked improvement in prices with this market at the moment.

Chicago, Dec. 11.—Oats.—The stubbornness of oats was further demonstrated yesterday in the face of selling by professional pit traders and with a rather small outside trade, prices were advanced a good fractional. The strength of the situation is the strong cash demand and the great number of resting orders in hand of commission houses a little lower than present prices. In our opinion this situation must be reflected sooner or later in much higher prices and we therefore favor the buying side on every soft spot.

Winnipeg, Dec. 11.—Wheat, May, open 77 3-8, close 77 1-4, July, open 78 3-4, close 78 1-2. Cash wheat, 1 H 75 1-8, 1 N, 72 3-4, 2 N, 71 1-4, Oats, 34 1-2, Flax 116, 501 last year. Minneapolis, 342 today, 400 last year.

Northwest cars—Duluth, 260 today, 2 Liverpool, Dec. 11.—Spot wheat, 1-2, lower to 1-2, higher.

## BOARD OF TRADE REGULAR MEETING

Discussed Many Matters of Interest At Monthly Gathering

An important discussion bearing upon the importance of the fuel problem and cheap power engaged the attention of the board of trade yesterday afternoon at their monthly meeting. The question was raised by Col. E. D. Edwards. He said that the question was brought to his attention by a report in the public press that capitalists from Winnipeg and Toronto were negotiating for the purchase of important coal lands in the vicinity of Edmonton.

"If Edmonton is to be more than a commercial centre for the surrounding district, if it is to be a manufacturing centre, if it is a question of cheap power, the statement a fact that Winnipeg capitalists are coming in here to buy up coal lands, to supply not Edmonton with coal, but Manitoba with coal, to take away from our very doors that which we have been depending upon, it seems to me that the coal situation is a stage now when it should be gone into thoroughly by a committee to see what course should be taken to have the government retain control of the coal lands now in its possession, and let them out in such a way as to ensure cheap coal. Unless a control is exercised by competent authority over the production of coal and price, the miners may enter into a combination in which it will be impossible to reach them."

It was in those words that Mr. Edwards closed his remarks and submitted the following motion which was unanimously carried:

That a committee be appointed by the chairman to consider the question of coal supply with Edmonton district, to obtain information as to the various mines in the district, the quantity of coal available, the conditions governing the output, and the best means of retaining such control of the supply as will ensure cheap coal for the use of consumers generally, and that the committee be instructed to bring the matter before the provincial and Dominion governments respectively with a view to such action as they shall deem necessary to retain proper control of coal lands and coal supply."

Secretary Fisher stated that a prominent coal dealer said to him that coal could be profitably hauled to the city for \$1 a ton. Mr. Donald Ross said he remembered when coal was \$1.50 a ton in 1888.

The committee named in the motion will be appointed at the next meeting of the board.

## FOR SALE

A splendid Section of Land in Clover Bar at \$25.00 per acre

This is a bargain. Call and see us.

**Protheroe, Munson & Co.**

4 doors west of Revillon's, 114 Jasper West.
